

THE NEXT RISING SUN? SOLARTOWN AWARD

We invite all schools from Europe to participate in our competition with their solar thermal projects!

You can **WIN** knowledge for the future and for the 3 best submissions we award prizes:

- 1st place: prize worth 500 euro
- 2nd place: prize worth 300 euro
- 3rd place: prize worth 100 euro

How can you **PARTICIPATE**?

1. Register your class at solartown.eu/processmanual
2. Learn about the construction of a solar thermal plant with the teaching materials provided in our Process Guide
3. Document your findings & optionally also the construction of your own solar thermal plant
4. Submit to the Solartown Award

The **AWARD CEREMONY** will take place in June 2021, probably virtually. All projects also have the chance to be published on the Solartown platform and in partner media.

Pupils with their solar thermal plant © Klimabündnis Österreich

The EU educational project *Our Solartown - Pupils learn why and how to implement solar thermal energy!* started in 2018. Now, learning materials are available for schools to teach pupils about the renewable energy form solar thermal energy and, if necessary, even help them build a solar thermal plant.
